

TRINITAS
CELLARS

2020 Buyer's Guide

Greetings from Napa!

Thank you for taking the time to consider Trinitas Cellars as a winery to share with your customers. We greatly appreciate it! To give you a better idea of who we are, I'd like to share a little bit about our story.

My parents, Tim and Steph Busch, founded our family winery in 2002 after achieving great success building and operating world class resorts. Trinitas Cellars was born from their passion for great wine, and belief that with family, faith, and perseverance, anything is possible. These values illuminated their path to, and successes within the hospitality industry. An industry where accomplishments are defined by the happiness and memories you inspire in others.

The winery has since been passed down to the second generation, my Sister and I, and we hope to inspire the same in wine enthusiasts as our parents did for travelers. Our goal is to craft wine that's so compellingly delicious, that the joy it brings creates a window in time where worries are melted away, virtues are celebrated, and life is savored. Rich, bold, and approachable wine that's ready to drink, and is so terrific, that customers can't help but savor their moment!

Should you ever make your way to Napa, we would welcome the opportunity to treat you to world class hospitality in our beautiful tasting room located at Vista Collina Resort. We'd love to officially welcome you to the Trinitas family!

Sincerely,

Garrett Busch
Proprietor & CEO
Trinitas Cellars
