## 2021 CHARDONNAY NAPA VALLEY

### Technical Info

Appellation: Napa Valley

Varietal: 100% Chardonnay

Production: 2,280 cases

Alcohol: 14.5%

### Tasting Notes

The 2021 Chardonnay has strength and balance, concentration with freshness. Citrus, honeysuckle, pear, and salty, gravelly texture, but oily and long in the finish with pie-crust.

### Winemaking Notes

The 2021 vintage was an exceptional vintage. It was a drought year, yet Napa had a decent amount of rain during the winter and spring to fill reservoirs and soil profiles. The prevailing weather was cool, without fire or heat waves. Yields ended slightly below average with fantastic quality, depth, and concentration.

The 2021 Napa Valley Chardonnay is our follow up to the 2020 Carneros Chardonnay. For the 2021 rendition, we increased the quality and range of the vineyard sites we source from. In particular, instead of making a single vineyard Castellucci Chardonnay, we used that fruit for this Napa Valley blend. We added a new vineyard site, Antica from Atlas Peak, and retained a healthy amount of fruit from our best Carneros growers.

Each of our vineyard sources contribute to the wine's overall complexity. The Castellucci Vineyard offered up gorgeous ripeness, the Antica Vineyard lovely freshness, and our Carneros sites added remarkable varietal typicity. The result is a Chardonnay that is ripe, concentrated, and fresh.
