

# NON VINTAGE SAUVIGNON BLANC

## Technical Information

Appellation: While California is designated on the bottle, our 2022 release is in fact entirely from the Bennett Valley in

Sonoma County Varietal: 100% Sauvignon Blanc

Alcohol: 13.9%

Production: 500 Cases

Vineyard: Dry Stack

## Tasting Notes

The 2022 release of our non vintage Sauvignon Blanc opens with an enticing bouquet of ripe tropical fruit. Notes of melon, guava, and citrus soar from the glass. The palate is rich, with a luxuriously soft texture, and is brimming with flavors of tropical fruit and citrus, alongside an accent of honey. This delicious Sauvignon Blanc stays light on its feet, despite its richness, thanks to zesty acidity that keeps everything fresh.

## Winemaking Notes

This year's release was fermented in stainless steel tanks, with a very small portion in staves, to preserve the varietal's beloved elegance while retaining its incredible purity of fruit. It was a privilege to source this rendition entirely from Dry Stack Vineyard in Bennett Valley. This prestigious site produces exceptional fruit year in and year out, and its superlative farming is evident in every sip.
