Alcohol: 14.2%

Appellation: Lodi; sourced from sites across the region including Jahant, Clements Hills, and Mokelumne River

3.81 pH, 5.6 T.A

Production: 1,500 cases

Tasting Notes

The bouquet of our 2021 Old Vine Cuvée opens with a dazzling array of ripe berries. Aromatics of strawberry, dark cherry, and blackberry sail from the glass. The palate follows in tow, with a wealth of ripe red and black fruits that are all melded together with refreshing acidity and a velvet like texture. It is an excellent vintage that has all of the classic bold fruit you expect from this blend, along with the luscious texture of Lodi.

Winemaking Notes

The 2021 Old Vine Cuvée is a unique blend of Petite Sirah and Teroldego. Teroldego is an uncommon varietal that imparts a tremendous amount of ripe berry fruit flavors into the final blend, while also lending wonderfully approachable structure and texture to the wine. This ancient grape variety has been cultivated in Italy for thousands of years, and is somewhat of a rarity to find in plantings in California.

Vintage Notes

2021 was an excellent growing season that produced wines of remarkable quality, intensity, and complexity. It was a low yielding vintage, and the grapes that made it to harvest possessed incredible concentration. Generally speaking, 2021s have approachable structure, yet retain a balancing component of refreshing acidity.
