Tasting Notes

The 2018 Merlot is elegant and expressive, opening with bright aromas of raspberry, cherry, and red currant. Subtle notes of vanilla and mint weave through the fruit, adding complexity and lift to the bouquet.

On the palate, smooth tannins provide a soft, approachable texture, while lively acidity brings balance and freshness. The wine shows depth without heaviness, making it both versatile and immediately enjoyable.

As autumn flavors come to the table, this Merlot pairs beautifully with seasonal dishes. Think roasted pork tenderloin with apples, wild mushroom risotto, or herb-crusted lamb alongside root vegetables. Its red-fruited vibrancy and supple structure complement the savory richness of fall cuisine, creating a warm, harmonious match for cool-weather gatherings.
