Varietal: 100% Pinot Noir

Production: 950 Cases

Alcohol: 14.1%

91 Points, Wine Enthusiast

Tasting Notes

Our Pinot Noir is crafted from a blend of Clone 828 and the Pommard clone. Clone 828 imparts spicy and earthy characteristics while the Pommard clone adds depth, richness, and dark fruits. This is a Pinot that showcases the amazing spectrum of flavors and structure that can be achieved in the Sonoma Coast appellation.

Winemaking Notes

Our Signature Pinot Noir fruits came from Huichica Vineyards in Los Carneros and Vineyard Eleven in the Russian River and represent the ultra-premium quality of the Sonoma coast grapes. The nose is a balanced combination of floral aromatics and red fruit characters. Bright acidity is supported by silky tannin and a rich finish. Juicy layers of cherry, raspberries, pomegranate, and strawberry flavors with a hint of herbal and earthiness in the long-lasting aftertaste.

2021 was an excellent vintage that produced exceptional and beautiful grapes. The drought conditions provide the wine with an intense flavor while still showcasing the elegance in your glass.

The wine was aged in 25% new French oak, 75% neutral French oak and puncheons for 11 months. It is completely sugar and malic acid dry.

Suggested Retail Price: \$60
