Alcohol: 13.3%

Tasting Notes

Introducing our vibrant 2023 Sauvignon Blanc, a refreshing expression of Napa Valley's unique terroir. This wine is a testament to the sun-drenched vineyards that yield grapes with exceptional flavor and balance, showcasing the best of what Sauvignon Blanc can offer.

On the palate, this wine delivers crisp acidity and a clean, refreshing finish. Flavors of ripe melon, lime, and a distinct minerality blend harmoniously, providing a lively and satisfying drinking experience. The wine's texture is smooth, with a light body that makes it perfect for a variety of occasions. With brilliant clarity and pale straw hue, our 2023 Sauvignon Blanc invites you to a sensory journey starting with its aromatic profile. Bursting with lively citrus and tropical fruit notes, each glass offers aromas of lemon zest, grapefruit, and a touch of green apple. Subtle floral hints and fresh-cut grass add to its complexity, making it irresistible from the first sniff.

This crisp and refreshing 2023 Sauvignon Blanc is a perfect match for warm-weather dishes. Its bright acidity and notes of lime, melon, and minerality pair beautifully with oysters, citrus-marinated shrimp, or a fresh goat cheese salad. The wine's floral and grassy aromatics complement Mediterranean fare like grilled halloumi or lemon-herb chicken, while its clean finish balances creamy dishes such as burrata with tomatoes or cucumber-yogurt soup. Light, vibrant, and versatile, it's ideal for picnics, patio dinners, or sunny afternoons.

Suggested Retail Price: \$45
